G&S Engineering Services Shutdown Crews Anglo Contract & Major Shutdowns

The Maintenance & Mining Divisions Shutdown Area is restructuring to meet the expanded need in 2012 and beyond. Matt Borg, Manager Shutdowns, is in the process of establishing three project teams and two crews to deliver secured contract work our Blue Chip clients across Queensland and New South Wales.

Our three year contract with Anglo Coal and the recently signed NFA with Rio Tinto will add to our existing relationships with other leading companies, including Xstrata, Thiess, Macarthur Coal, and BMA CHPP works, providing a consistent flow of work for two separate project crews. This busy schedule will deliver shutdowns on Draglines, Shovels, Washplants and other mine infrastructure, requiring the establishment of three Project Management Teams.

Each team will consist of the following positions:

Project Managers	Mechanical Superintendents	Mechanical Supervisors
Structural Superintendents	Structural Supervisors	Planner Scheduler
Project Controls Engineers	HSE Advisors	Site Clerks
Electrical Superintendents	Electrical Supervisors	

In addition to this, Trade and Trades Support crews consisting of approximately 60 positions for the Anglo Contract and 120 positions for Major Shutdowns, will make up the teams progressing along the schedule of works throughout the year.

These crews will consist of:

Mechanical Supervisors	Structural Supervisors	Rigger Supervisors
Electrical Supervisors	Mechanical Leading Hands	Structural Leading Hands Electrical
Leading Hands	HSE Advisors	Fitters
Crane Operators (+ 80t)	Crane Operators	Boilermakers
Riggers	Electricians	Various trade support roles

This is a great opportunity for staff, trades and trade support roles to be part of a winning team that has the benefit of continuity of work in a fixed team environment. There is great opportunity for career development and diversity of work within this team.

Existing Shutdown employees are being contacted to discuss these opportunities. All G&S employees are invited to submit an expression of interest via email to recruitment@g-s.com.au with EOI Anglo **Contract and Major Shutdowns** in the subject line. These employees must notify their current Manager of their intention to apply.

Please submit your EOI for these positions, or those for the BMA crew, by close of business Monday 3 October 2011.
